Packing :	INDIVIDUAL

QUALITY COLD FOAM MATTRESS

CORE:

- o The core is made of one piece of 12 cm CMHR
- o This cold foam is very elastic with a density of 50-55 kg/m³
- o durable and relieving the pressure points of the body
- o takes care of a optimal convenience and perfect support
- o the mattress can be used on both sides
- o Bacterium static treated against pathogenic and allergen micro organisms
- o flexible and excellent pliability, suitable for electric hospital beds
- o CRIB 5 anti fire
- o environmentally safe, CFK-free

TICKING:

- o Bi-elastic polyurethane coating
- o The ticking responds to an optimal pressure division and small friction resistance
- o Waterproof, breathing
- o Anti-microbial, hypo-allergen
- o washable at 95°C
- o Resists current desinfectants
- o removable with zipper (on short and long side)
- o ecological
- o CRIB 5 anti fire
